PROJECTS

Nikunj — Student Accommodation & Relocation Platform

- Developed a student-focused platform concept to simplify accommodation and relocation.
- Designed features for hostel, PG, room, and flat discovery, including rent, photos, reviews, location details, and verified listings.
- Explored full-stack technologies including HTML, CSS, JavaScript, Node.js, Next.js, Clerk, APIs, Vercel, and Render.
- Status: Concept / In Progress

LearnX — E-Learning Platform

- Designed an e-learning platform with user registration, authentication, dashboards, courses, notes, a notes marketplace, and user uploads.
- Applied HTML, CSS, JavaScript, Node.js, Express.js, and EJS during development.
- Collaborated with Diesha Bhakuni, Satyam Gupta, and Divit Sharma to plan and develop the platform.

Mradhul Fashion — E-Commerce Concept

- Designed an e-commerce concept for a women's clothing and handmade crafts business.
- Explored Progressive Web App development, Firebase, MongoDB, Cloudinary, Razorpay, and admin upload systems.
- Planned product management and online payment capabilities for a scalable shopping experience.

LEADERSHIP & ACTIVITIES

- Mentored peers and juniors by simplifying complex technical concepts.
- Hosted school and coaching events, demonstrating public speaking and presentation skills.
- Organized Children's Day activities and coordinated Ganesh Chaturthi and Janmashtami celebrations.
- Managed classes, coordinated teams, and supported event execution.
- Created and edited photography and video content using Adobe Premiere Pro, CapCut, and DaVinci Resolve.

AREAS OF INTEREST

Artificial Intelligence • Web Development • Startups • Entrepreneurship • Product Development • Innovation
